Before you leave home

Upcoming communications

International Student Advisors will inform you via email regarding housing, Italian Language Course, Orientation Events, course registration, and leisure activities on and off campus.

Visa requirements

Non-EU residents require a visa for a stay longer than three months (90 days). You need to request a student visa at the Italian embassy or consulate of your jurisdiction. Below you will find the basic application requirements. However, it is important that you verify your consulate's website for any additional requirements:

- Admission letter sent via mail by Cattolica
- Passport
- Student visa application to be submitted in person
- Proof of enrolment at home institution
- Proof of adequate health insurance coverage outside your country

Travel registration

We strongly advise you to register your contact details online with the Department of [Foreign Affairs and Trade](#) of your jurisdiction. The registered information you provide will be used in the unlikely case of an emergency.

Travel insurance

Your health insurance will likely not cover any damage or loss of belongings during travel and stay in Milan. We highly advise you to insure your most precious and expensive belongings such as laptop and other electronics. A travel insurance would also cover any loss of important documents such as passport, credit cards, etc.

Your travel insurance may also cover emergency medical expenses and medical evacuation. Research and compare the benefits, to see how they complement your health insurance abroad. If you bring your laptop it is important you insure it against damage or theft.

Tip:

Never leave your belongings unattended anywhere on campus, library, computer lab, etc. Do not mail your laptop as it will be held at

customs and will only be released by paying a customs fee.

Medical insurance

If you are a national from either a [EU Member State](#) or an [EEA country](#) or you are of [Swiss nationality](#), you should have a European Health Insurance Card (EHIC), Italian acronym: TEAM obtained in your home country from your national healthcare authority. The European Health Insurance Card (EHIC) allows to receive medical treatment in another member state for free, or at a reduced cost. A patient contribution is required for prescriptions, medical examinations, oral and dental care.

[Non-EU residents](#) must take out an International Health Insurance which covers costs related to medical treatment and admission to hospital. Always contact your insurance agency before leaving for Italy. If you are travelling with temporary Health Insurance, you may apply for Italian Health Insurance upon arrival. The insurance costs about €71 for a period of 6 months and €120 for a period of 12 months. For more information contact the International Student Services.

Note:

An insurance policy is compulsory if you apply for a residency permit.

Note:

ISEP Students must have ISEP health insurance.

What to bring to Milan

- Passport/ID
- Health insurance coverage outside your country (for EU students, National Health Insurance Card): any special prescription or medical certificate

Documentation guidelines

Make additional copies of all your documents, certificates, cards etc. Keep copies in a safe place in your home country, and bring the other copies to Italy. When traveling remember to keep copies in both your hand luggage and check-

in luggage. Upon arrival keep all documents in a safe place in your apartment

For further safety measures, scan all your documents, certificates, cards etc. and email them to yourself as an attachment.

Bring receipts of any electrical goods that you bring such as laptops, cameras, iPods, etc. This ensures when and where the items were purchased.

Packing

Milan is the fashion capital of Italy so remember not to overpack. December to February are the coldest months of the year, whilst April usually brings nice spring weather. Students on campus generally dress informally but you may want to bring with you something more formal for special events.

You can find everything in Milan so don't worry if you forget to pack something.

You will need to purchase a plug/ power converters for your electrical devices. Electricity in Italy and Europe comes out of the wall socket at 220 volts. The Italian plug is a two or three round-prong socket.

Useful items to pack

- Chargers
- Adaptor
- Check the weather and temperature accordingly to your departure season in order to bring

- appropriate clothes
- Adequate students clothes and few elegant items for special occasion
- Travelers wallet
- Passport size pictures (4 colored and original, dimension 3 X 4cm/2 X 2 inch)

Medical assistance

Medication

You should verify the availability of certain drugs in Italy, but we suggest that you stock up from home on any specific medication you will need during the stay. Control the customs restrictions for importing medication from outside the EU as you do not want to have your medication confiscated at customs. For safety measures, obtain a letter from your General Practitioner specifying the medication you will bring with you and reasons for taking that medication.

Translate the medical documents, from your General Practitioner, and any information that you may be in need of, such as prescription, in Italian language before your departure.

The translated documents are extremely useful to access medical centres you should be in need of assistance.

Pharmacies

Many medications that you purchase over-the-counter in other countries may be available only by prescription in Italy.

Health Centre at Cattolica

There is a Health Centre on campus which provides all registered students with medical and nursing care, and psychological counselling. If you require medical assistance, contact the International Student Services who will arrange an appointment with the Health Centre and make sure an English speaking nurse will be available if needed. The Health Centre is open from Monday to Friday, 9.00a.m - 5.00p.m.

Hospitals

If you require more serious medical assistance you will need to visit the hospital. Remember to always bring a copy of your health insurance and passport with you. Always inform the International Student Services and they can

arrange an English speaking assistance if needed. A range of hospitals and medical centres offer English speaking assistance. Cattolica also has a psychological counselling centre students can access on a fee-paying basis for a maximum of 10 appointments.

Living in Milan

Milan: a city of movement

People walk everywhere. Their sense of style ranges from casual sophistication to elegant design. Milan is a modern and progressive city, the commercial heartland of Italy, and headquarters to many of Italy's multinational corporations and world famous brands. Yet despite the opportunities which accompany a busy and successful city, the essence of Milan is as true today as in centuries past. In short, Milan is a beautiful, cultured and dramatic city, a city which offers a multitude of features that tourists rarely discover.

Milan is the real Italy, from courtyards and window boxes to small and intimate museums, churches and laneways. Milan is a city to explore and a place to reflect. Milan is a city of trams and smart cars. Where beautifully dressed people ride scooters to work, where thousands of runners exercise daily in the parks.

Milan is a city of people. A city full of life. The menus of Milanese restaurants have influenced the world's finest cuisines. And the creations of Milanese designers have placed Milan alongside New York, Paris and London as a home

of global fashion.

Milan is a living, breathing, exciting city. A friendly and welcoming city. A bustling city on the one hand; yet quiet, contemplative and conducive on the other.

M-ID Card

You can enjoy Milan with an M-ID Card, starting from your arrival and continuing throughout your stay.

Take the advantages of getting discounted tickets for entering museums, theatres, and transportation.

Money matters

When withdrawing money from a Bancomat be attentive to the people around you. We advise you use Bancomats that are inside banks and not those right off the street. Unless necessary do not use Bancomats inside or near stations. If you wish to open a bank account or rent an apartment you will need a *Codice Fiscale*, Tax code.

This card is issued by the Ufficio Unico delle Entrate - Via della Moscova 1, under presentation of a valid identity document and a copy of your Visa if you are not an EU resident

Mail

To locate a post office look for the yellow and blue "PT" sign. For mailing cost information consult the Italian Post web site:

› www.poste.it

If you need to mail fragile materials we would advise you send them by recommended mail, courier, or through express mail services, such as DHL, UPS or FedEx. Receiving packages from the USA via priority mail can cost a lot in terms of taxes. Postal & customs taxes are very high depending on the weight and the value of the package's content.

Telephone

The most convenient way to keep in touch with your new Italian friends and family back home is the cell phone. You can purchase an unlocked GSM phone back home and get an Italian SIM card at cell phone providers such as TIM, Vodafone or Wind.

Only triband and quadband phones will work in Europe. Check with your home cell phone service provider to find out if your current cell phone (once unlocked) can support a foreign SIM card. Once in Italy, you may look into signing up for a plan or simply getting pre-paid/rechargeable service. If you do not have a GSM phone purchased at home you may also buy one at a reasonable cost once in Italy.
